| S/n | Indicator   | Results   |
|-----|---|-----------|
| 1   | New confirmed cases during the week   | 19        |
| 2   | Cumulative confirmed cases  | 26,227    |
| 3   | New deaths during the week  | 2         |
| 4   | Cumulative deaths   | 727       |
| 5   | Number of alerts validated  | 0         |
| 6   | Number of alerts investigated   | 0         |
| 7   | Total number of new tests performed   | 6,737     |
| 8   | New tests performed for exiting travellers                                  | 5,852     |
| 9   | New screening tests performed for arriving travellers at PoE                | 5,789     |
| 10  | Cumulative number of tests  | 350,539   |
| 11  | New confirmed cases among health workers                                    | 0         |
| 12  | Cumulative number of cases among health workers                             | 3,351     |
| 13  | New deaths among health workers during the week                             | 0         |
| 14  | Total COVID-19 beds   | 4355      |
| 15  | Number of COVID-19 beds occupied at the end of the day on 12 November, 2021 | 52        |
| 16  | Total ICU beds  | 237       |
| 17  | Number of ICU beds occupied at the end of the day on 12 November, 2021      | 5         |
| 18  | Number of vaccine doses received from COVAX – facility (Jansen)             | 1,058,400 |
| 19  | Number of vaccine doses received from COVAX – facility (Sinopham)           | 1,065,600 |
| 20  | Total number of vaccines distributed –Tanzania Mainland                     | 1,023,400 |
| 21  | New People vaccinated during the week 1 <sup>st</sup> Dose (Sinopharm)      | 266, 324  |
| 22  | New People vaccinated during the week 2 <sup>nd</sup> Dose (Sinopharm)      | 2,533     |
| 23  | Cumulative number of people vaccinated with Janssen (JJ)x                   | 972,476   |

## Highlights on ongoing interventions

### RCCE

- Community sensitization to key community groups (150 community representatives with reflection of districts) in three (3) regions under the support of WHO.
- Conduct supportive supervision and mentorship at community level to sensitize uptake of COVID-19 vaccines and wave 4 response readiness.
- Reviewed messages to accommodate important aspects of new vaccines

### Case Management, IPC, and WASH

- Preparations for the ICU manual, which draft zero is in its final stages this week will be completed and submitted for further action.
- Evaluating Primary Health Care (PHC) and Star rating (SRA) facilities where IPC standards in the KKM area will also be considered in the Five (5) Regions.
- Review and update the various IPC Guidelines so that they can be duplicated and distributed in Health Care Delivery Centers in the Country.

### Vaccination

- Developed and launched phase two multi sectoral accelerated community based COVID-19 vaccination strategy on 3<sup>rd</sup> November 2021.
- Oriented all RMO, RIVO, DMO & DIVOs on Pfizer, Modena, Sinopharm & Sinovac.
- Conducted IAR and disseminated during all RMO, RIVO, DMO & DIVOs meeting in Dodoma on 5<sup>th</sup> November.

### Logistics

- Facilitating the clearing process of Ventilators with their accessories donated by GIZ
- Provision of waiver for importation permit for commodities used for management of COVID-19 Cases
- Updating facilities responsible for reporting commodities used for management of COVID-19 cases

### Surveillance

- Participate in review of COVID-19 Response Plan III held in Dar es Salaam
- Conduct meeting for adaptation of Africa CDC EBS training materials and ToT. Training materials were prepared and are being finalized
- Conduct a Virtual EBS meeting and discuss on the challenges associated with alert reporting from the community to national Level
- Conduct pillar meeting on Tuesday 02 November 2021. The minutes with action plan was prepared and shared to all participated stakeholders

### Laboratory

- Certification of designed covid-19 testing laboratories in the EAC Partner States NPHL, BMC, DRRH and Mt.Meru.
- Installation of Mobile laboratory at Ngorongoro to operate at Conservation Area under NCAA
- Decentralization process is onboard training are ongoing for RT-PCR to three regions.
- Planning to conduct supervision so that testing for C-19 can begin in 3 regions. Gene sequencing and testing continue.
- communicate with TVLA for joint work in zoonotic disease sample collection

## PoE

- Conduct a PoE pillar virtual meeting with PoE stakeholders aimed at discussing implementation of interventions targeted to combat COVID 19 relative to National COVID 19 Response Plan 3.
- Conduct a session to improve and roll out digital Traveller's Health Surveillance System to accommodate existing challenges as well as making it be more efficiency by adding new features
- Screening of travels continued at Points of Entry to prevent the entry of COVID 19 into the country

## ANNEX I

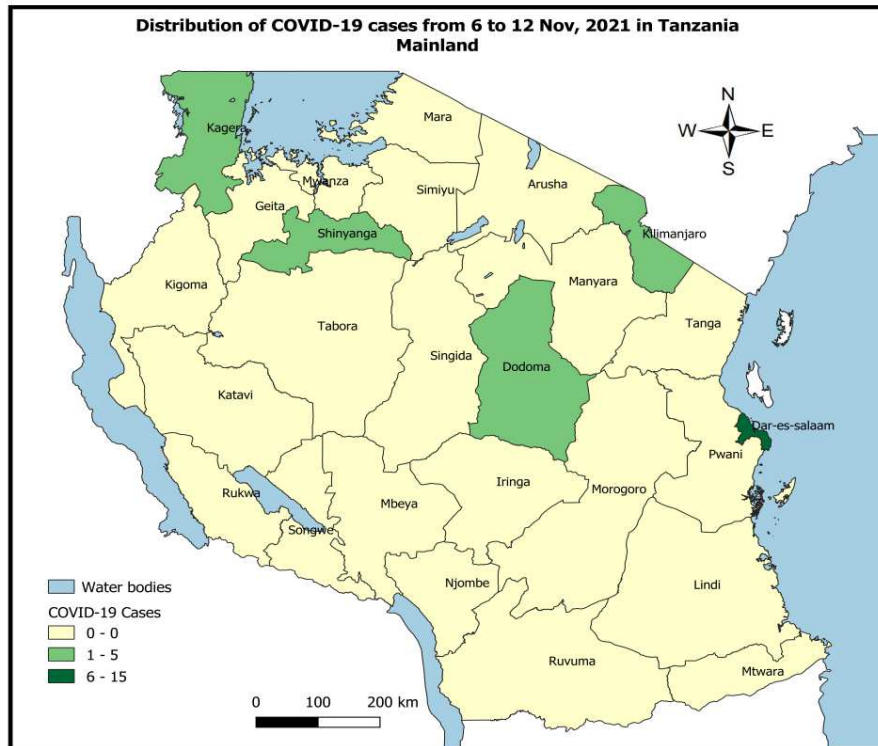

### Daily report

| Date of reporting | Confirmed cases | Confirmed COVID -19 deaths | HCW cases (Confirmed and suspects) | HCW deaths |
|-------------------|-----------------|----------------------------|------------------------------------|------------|
| 06-Nov-21         | 4               | 0                          | 0                                  | 0          |
| 07-Nov-21         | 2               | 0                          | 0                                  | 0          |
| 08-Nov-21         | 3               | 0                          | 0                                  | 0          |
| 09-Nov-21         | 2               | 1                          | 0                                  | 0          |
| 10-Nov-21         | 5               | 1                          | 0                                  | 0          |
| 11-Nov-21         | 0               | 0                          | 0                                  | 0          |
| 12-Nov-21         | 3               | 0                          | 0                                  | 0          |

## ANNEX II

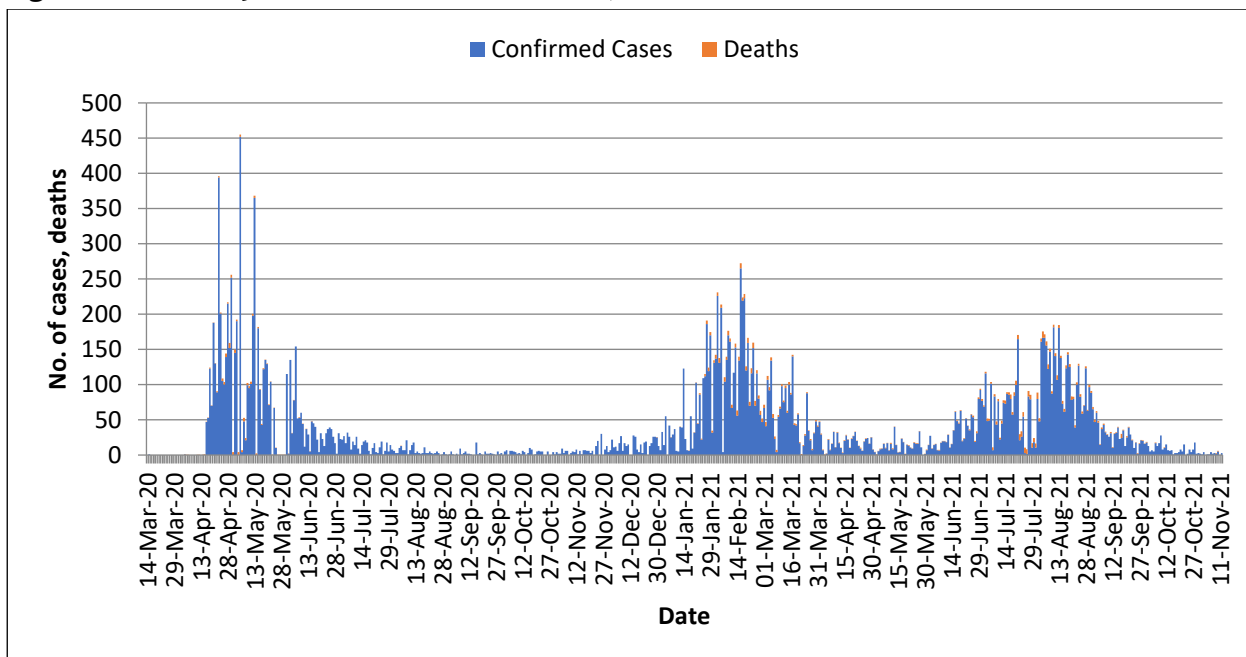

### A. Situational Highlights of COVID-19 from 06 to 12 November 2021 in Tanzania Mainland

- New confirmed cases during the week **19**
- New deaths during the week **2**
- 1 region has reported **> 13 cases**
- Cumulative confirmed cases **26,217**
- Cumulative deaths **727 (CFR 2.8 %)**
- Cumulative samples tested: **350,539**

### B. COVID-19 Epidemiological situation

Figure 2: COVID – 19 confirmed cases and deaths, 06 to 12 November 2021 Tanzania Mainland

## Distribution of cases and deaths by region

Table 1: COVID/ 19 cases and deaths by region from 06 October to 12 November 2021, Tanzania Mainland

| S/N | Region        | New Confirmed Cases | New Deaths |
|-----|---------------|---------------------|------------|
| 1   | Mwanza        | 0                   | 0          |
| 2   | Dar Es Salaam | 15                  | 0          |
